Note: EUREPGAP does not take responsibility for the content or accuracy of any of the web-page links mentioned in this document. Readers are reminded that international regulations and MRLs frequently change and may result in outdated information in the databases mentioned. The information herein is only intended to be an initial reference and that there is no assurance that the reference material is error free. EUREPGAP is not liable for any damages, in whole or in part, caused by or arising in any way from use of this document. It is important that information obtained from the links in this document be verified with knowledgeable parties in the country of interest prior to sale or shipment of exports.

## **1. Specific Information sources on EUREPGAP Requirements**

### **1.1 Traceability**

- On the 28th of January 2002 the European Parliament and the Council adopted [Regulation \(EC\)178/2002](#) laying down the General Principles and requirements of Food Law and became obligatory from 1 January 2005.
- **Article 18** of the General Food Law ([http://europa.eu.int/eur-lex/pri/en/oj/dat/2002/l\\_031/l\\_03120020201en00010024.pdf](http://europa.eu.int/eur-lex/pri/en/oj/dat/2002/l_031/l_03120020201en00010024.pdf)) deals with **Traceability** and requires that “2. Food and feed business operators shall be able to identify any person from whom they have been supplied with a food,...” and “3. Food and feed business operators shall have in place systems and procedures to identify the other businesses to which their products have been supplied...”
- A guideline for the interpretation and application of the relevant sections in this legislation has been prepared by the EU and can be found at [http://europa.eu.int/comm/food/food/foodlaw/guidance/guidance\\_rev\\_7\\_en.pdf](http://europa.eu.int/comm/food/food/foodlaw/guidance/guidance_rev_7_en.pdf)
- Applicable control point in EurepGAP CPCC: 1, Major Must

### **1.2 Water Quality WHO parameters**

- For water quality parameters mentioned in point 7.3.1 on waste-water re-use for irrigation purposes, see table 3 on page 39 of the WHO document Health Guidelines for the Use of Waste water in Agriculture and Aquaculture, which can be found at: [http://whqlibdoc.who.int/trs/WHO\\_TRS\\_778.pdf](http://whqlibdoc.who.int/trs/WHO_TRS_778.pdf). A new edition of “Guidelines for the safe use of wastewater and excreta in agriculture and aquaculture, 2nd edition, Vol. 1 and 2” is also in preparation by the WHO.
- For point 10.2.1 on parameters for potable water to be used for post harvest washing of produce, volume 2 of the WHO Guidelines for Drinking Water Quality should be referred to, which can be found at: [http://www.who.int/water\\_sanitation\\_health/dwg/guidelines/en/](http://www.who.int/water_sanitation_health/dwg/guidelines/en/)

### **1.3 EU Banned Products**

- For products banned in the EU (click on the little green triangle, html): [http://europa.eu.int/smartapi/cgi/sga\\_doc?smartapi!celexapi!prod!CELEXnumdoc&lg=en&numdoc=31979L0117&model=guicheti](http://europa.eu.int/smartapi/cgi/sga_doc?smartapi!celexapi!prod!CELEXnumdoc&lg=en&numdoc=31979L0117&model=guicheti).
- For products banned in the UK, see <http://www.pesticides.gov.uk/approvals.asp?id55>
- Applicable Control Point in EUREPGAP CPCC: 8.2.5, Major Must.

### **1.4 MRLs**

#### **1.4.1 EU MRLs**

- For MRLs at EU level, plus other information: [http://europa.eu.int/comm/food/plant/protection/pesticides/index\\_en.htm](http://europa.eu.int/comm/food/plant/protection/pesticides/index_en.htm). This website also has an online link to the most recent legislation regarding MRLs.
- Applicable Control Point in EUREPGAP CPCC: 8.7.2, Major Must.

#### **1.4.2 EU member Country MRLs**

- Each country in the EU also has some non-approved crop protection products, and therefore each country must be checked (the approval at EU level of an MRL or chemical product does not necessarily mean that there is approval of that product for each individual country, although this is currently being harmonised) - please check the links at the end of this document to know whom to contact regarding MRLs and Import tolerance levels in particular countries.

- For more information on Council Directive 91/414/EEC that states that only active substances that are included in a positive EU list can be used: [http://europa.eu.int/comm/food/plant/protection/index\\_en.htm](http://europa.eu.int/comm/food/plant/protection/index_en.htm) and also at <http://www.pesticides.gov.uk/approvals.asp?id623>
- Applicable Control Point in EUREPGAP CPCC: 8.7.2, Major Must.

#### 1.4.3 MRLs outside EU

- Where no legislation exists regarding a particular crop protection product and/or crop in the country of destination (the latter may happen where the crop Protection Product is simply left out of the MRL list of the country of destination, because that product for that crop is not used in that country, perhaps due to climate restrictions) reference must be made to the FAO Codex list, which can be found at: [http://apps.fao.org/CodexSystem/pestdes/pest\\_q-e.htm](http://apps.fao.org/CodexSystem/pestdes/pest_q-e.htm) (these are indicative but not statutory), or to the EU import tolerance level set if the country of destination is within the EU.

### 1.5 Legislation ruling the use of Crop Protection Products:

- Legislation in the country of production must be complied with, in particular regarding following of label instructions, harvest intervals, dosage etc. A list of country agencies responsible for Crop Protection Chemical legislation is available at <http://www.fao.org/pic/DNA.htm>
- Applicable Control Point in EUREPGAP CPCC: 8.2.2 (Major Musts). Related Control Points: 8.2.1, 8.2.5, 8.3.4, 8.3.10, 8.7.1, (Major Musts); and 8.1.3, 8.2.3 8.2.4, 8.2.8, (Minor Musts).
- Interested persons are also encouraged to contact the respective Crop Protection Product Manufacturer to find out the legal status regarding usage, harvest interval and MRLs of the product both in the country of use and the country of destination. Links can be found either at the European Crop Protection Association (at EU level) <http://www.ecpa.be>., or at the World Crop Protection Manufacturer's Association site, at <http://www.croplife.org>.
- Please see Annex 2 of the CPCC document for what to do when a country has no Crop Protection Product Registration Scheme
- Applicable Control Point in EUREPGAP CPCC: 8.2.2, Annex 2 and the FAO International Code of Conduct on the Distribution and Use of Pesticides ([http://www.fao.org/WAICENT/FAOINFO/AGRICULT/AGP/AGPP/Pesticid/Code/PM\\_Code.htm](http://www.fao.org/WAICENT/FAOINFO/AGRICULT/AGP/AGPP/Pesticid/Code/PM_Code.htm)).

## 2. General Information Sources for EUREPGAP participants

### 2.1 General and Product Specific EU legislation covering fresh produce

- <http://www.freshquality.org/english/home.asp>

### 2.2 PIP (Pesticides Initiative Program)

- [http://www.coleacp.org/fo\\_internet/en/pesticides/programme/index.html](http://www.coleacp.org/fo_internet/en/pesticides/programme/index.html)

### 2.3 New Zealand Pesticide Residue Standards

- <http://www.nzfsa.govt.nz/plant/subject/horticulture/residues/#MRL%20Database> Contains links to different databases internationally, very complete.

### 2.4 Foreign Agricultural Service USDA online

- For USA and worldwide MRL tolerances <http://www.fas.usda.gov/http/MRL.htm> and also <http://www.epa.gov/pesticides/food/viewtols.htm>

### 2.5 UK Pesticide Safety Directorate

- Pesticide Safety Directorate UK:  
[http://www.pesticides.gov.uk/legislation/MRL\\_Legislation/MRL\\_legislation\\_new.htm](http://www.pesticides.gov.uk/legislation/MRL_Legislation/MRL_legislation_new.htm)

### 2.6 March 03 EU MRL regulation proposal

- [http://europa.eu.int/eur-lex/en/com/pdf/2003/com2003\\_0117en01.pdf](http://europa.eu.int/eur-lex/en/com/pdf/2003/com2003_0117en01.pdf)

## 2.7 Other resources

- University of Bristol, huge number of links to Pesticide Manufacturers, data sheets and search lists: <http://www.chm.bris.ac.uk/safety/msds.htm>
- **DG Health and Consumer Protection:** [http://www.europa.eu.int/comm/food/index\\_en.htm](http://www.europa.eu.int/comm/food/index_en.htm)
- **DG Environment:** <http://europa.eu.int/comm/environment/ppps/home.htm>
- **DG Sanco :** [http://www.europa.eu.int/comm/food/fs/ph\\_ps/pest/index\\_en.htm](http://www.europa.eu.int/comm/food/fs/ph_ps/pest/index_en.htm)

## 2.8 List of Other Related Internet sites for pesticides

- [http://europa.eu.int/comm/food/plant/protection/evaluation/state\\_work\\_en3.pdf](http://europa.eu.int/comm/food/plant/protection/evaluation/state_work_en3.pdf)
  - **OECD:** <http://www.oecd.org>
  - **USEPA:** <http://www.epa.gov/>
  - **EPPO:** <http://eppo.org/>
  - **CIPAC:** <http://www.cipac.org>
  - **FAO/JMPR:** [http://www.fao.org/ag/agp/agpp/pesticid/jmpr/pm\\_jmpr.htm](http://www.fao.org/ag/agp/agpp/pesticid/jmpr/pm_jmpr.htm)
  - **Codex Alimentarius Commission:** [http://www.codexalimentarius.net/index\\_en.stm](http://www.codexalimentarius.net/index_en.stm)
  - **WTO/SPS:** [http://www.wto.org/english/tratop\\_e/sps\\_e/sps\\_e.htm](http://www.wto.org/english/tratop_e/sps_e/sps_e.htm)
  - **WTO/TBT:** [http://www.wto.org/english/tratop\\_e/tbt\\_e/tbt\\_e.htm](http://www.wto.org/english/tratop_e/tbt_e/tbt_e.htm)
  - **IPPC:** <http://www.fao.org/waicent/faoinfo/agricult/agp/agpp/pg/default.htm>
  - **DG ENV (biocides):** <http://europa.eu.int/comm/environment/biocides/index.htm>
  - **ECB:** <http://ecb.jrc.it/>
- A list of contact points for 91/414/EEC and residue legislation is available at:  
[http://europa.eu.int/comm/food/plant/protection/evaluation/contact\\_12-04\\_en.pdf](http://europa.eu.int/comm/food/plant/protection/evaluation/contact_12-04_en.pdf)

### 3. Lists of crop protection products registered/authorised in the different EU countries, updated by ECPA December 2004:
